All Wool French Plaids

Intrinsic value \$1.25, selling for 59 cts.

One of the best attractions at the Colored Dress Goods Section, and about thirty or thirty-five different effects, medium and dark colorings. Soft rich browns, very dark greens and reds, blue in several shades with red, green, or brown, and gray with various colors. These are selling rapidly for "trotteur suits," and children's suits.

43 inches wide, and 59 cts. a yard

Colored Dress Goods Section.

Toilet Articles which are French Imitations of Genuine Ivory

In the Case at the Toilet Section is a collection of White Toilet Articles which have every appearance of fine, heavy ivory. The material is in reality a French celluloid, of a beautiful color and highly polished, and the pieces are unusually heavy. There are:

Hair Brushes in several sizes with long bristles, Combs, plain or with handles, Mirrors with handles or with thick short rings, Powder Boxes, 2 sizes, one medium, the other extra large, Soap Boxes, 2 styles, square or round, Clothes Brushes, and Trays.

Also the small Manicure Pieces, Shoe Spoons, Button Hooks, Tweezers, and Nail Scrubs. An elegant assortment for the dressing table can be made up from these articles. Nice for gifts.

New Tailored Costumes are arriving from day to day, and the time to select one, provided you want something distinctive and elegant is right now.

A Clearance of Linoleum and Oil Cloth Remnants is in progress in the Carpet Store, first floor.

HOUSEHOLD NOTES

If a pinked ruffle on a silk under-skirt has begun to fray, trim it off carefully and add a band of ribbon of harmonizing color.

To remove fruit stains from table linen, moisten with spirits of camphor, and when dry, wash as one would wash the article ordinarily.

If braided on a dress skirt has begun to fray, it may be made to do for some time by running the worn portion back and forth with thread.

Flasks designed for the traveler may be had covered with raffia. They are similar to the wicker covered ones and are to be had in a variety of colors.

Vinegar is the best thing for removing hardened glue from furniture, as it will dissolve it instantly without injury to the surface of the furniture.

To clean baby's pique shoes, try rubbing them with flour and then passing a good brush over them.

If the hands are stained by berries, or from cleaning summer vegetables, rub them with ripe tomatoes before using soap or anything that will set the color.

To fry green tomatoes, slice them, sprinkle with a few drops of olive oil, dip in crumbs to which salt has been added, and saute in butter until tender.

If furniture has grown dull and streaked, try rubbing it with a mixture of equal parts of kerosene and turpentine. It is better than the prepared polishes.

A delicious conserve is made of equal parts of pineapples and peaches, with three-quarters of a pound of sugar to a pound of the fruit, boiling all together.

Linens which, when they become faded, can be very successfully dyed, deep blue being a good color. There is no more danger of shrinkage than from washing.

Rhubarb will require less sugar to sweeten if a pinch of sugar is added while it is cooking. It is better if it is not peeled until the skin is tough.

The ice box should always be kept as full of ice as it will hold, otherwise there will be waste of ice and danger of the refrigerator getting too warm.

A tiny bit of kerosene added to the water in which clothes are washed not only aids materially in ridding them of dirt, but assists in the whitening process.

Colored cotton fabrics will not fade by subsequent washing if previously placed in boiling water to which has been added three galls of salt to every gallon of water. Let stand until cold.

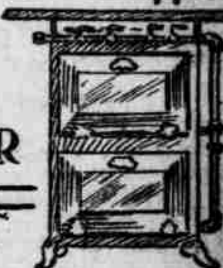

No vegetable left from dinner should go to waste. A combination of almost any of the summer vegetables with the addition of a bit of salad dressing will make a salad as nourishing as it is tasty.

WHY PAY MORE

when you can do better for less?

HERE is nothing in the home that gives such satisfaction and good return as a

WILL HOLD JOBS

President Taft Composes Differences in Ballinger-Pinchot Scrap.

(Special from United Press.)

Beverly, Mass., Sept. 13.—Secretary Ballinger will not resign. Forester Pinchot will hold his job. The squabble between the Land and Forestry Bureaus of the government will be nicely smoothed over and all will be lovely in administration ranks. This is the prediction made today by those in the President's confidence and they say that if any statement is made by Mr. Taft before he departs from Beverly tomorrow afternoon, it will embody these facts.

Mr. Taft has not gained the title of "The Great Harmonizer" for nothing. He loves peace more than he does battle and is a firm believer in the efficacy of soft words. He is convinced that an upheaval in the government departments could only result in disaster to the party and in bitterness that would outlast his administration. He has, therefore, come to the conclusion that the best thing to be done in the Ballinger-Pinchot scrap is to compose the differences between the warring elements.

This, it is believed, he has accomplished through his conferences with Secretary Ballinger and a voluminous correspondence carried on with Forester Pinchot and others in his bureau.

Mr. Pinchot, it is understood, has satisfactorily explained his side of the story by mail and the word of mouth explanation of the speaker has also met with the President's approval.

If there has been any wrongdoing by any government official, it has not been shown to the President, and if nothing culpable has been done, no one should be punished. Taking this view of the situation after his fatherly consultations with his official children, the President will start West tomorrow with an easier mind than he has had for many weeks.

No more visitors will be received by the President before he leaves on his trip. He spent most of the day in clearing up the papers on his desk and preparing the speech he is to deliver at Boston tomorrow.

PROF. COLLINS' DANCING CLASS

Opening Reception at Elks' Hall on October 5.

Prof. C. J. Collins, who for the past fifteen years has conducted a select school of dancing in this city, chief of which has been in the Masonic Temple, is to re-open his classes again this season with sessions in Elks' hall in State street where better accommodations will be offered to enable Prof. Collins to bring out more fully his experience as a teacher. Tuesday evening, Oct. 5th has been set aside as the evening of the opening reception when all of the old friends of the school will be on hand to welcome the newcomers. Lessons after the 5th will be held on every Tuesday evening.

Blackhanders Use Dynamite To Force Their Demand

(Special from United Press.)

Clinton, Mass., Sept. 13.—Enforcing their demand for \$500 on John M. Gardner, a prominent merchant here, Blackhanders have sent to his baby a stick of dynamite which came near blowing the whole family into eternity, and today both local and United States detectives are on the hunt here and in Boston for the blackmailers.

The letter received by Mr. Gardner was written in Armenian and was posted in Boston. It read:

"Have \$500 ready to hand us; otherwise it is death for you."

(Signed) "BLACK HAND."

Gardner has applied to the police for permission to carry a revolver and declares at the first sign of an attack upon him he will shoot to kill.

BIG SILVER ORDER.

The B. H. H. Smith Silver Company will furnish 30,000 pieces of silverware to the new Murray restaurant to be opened on Broadway October 15. The silver is now on exhibition in the show window of Davis and Hawley.

\$46,000,000,000 EXPORTS

THAT'S THE TOTAL OF AMERICAN MERCHANDISE FOR LAST 120 YEARS.

Washington, Sept. 13.—The exports of American manufactures for the 120 years from 1789 to 1909, according to a report just made public by the Bureau of Statistics of the Department of Commerce and Labor, amounted to \$46,000,000,000. Of this amount two-thirds were exported within the last twenty years, and one-half, or \$30,000,000,000, within the past eleven years.

The total exports of merchandise from 1789 to 1909 amounted to \$46,000,000,000, of which 26 per cent were manufactures. Steady increase has been shown in the share which manufactures form of our exports from 6.5 per cent in the decade 1790-1799, to 37.8 per cent in the decade ending with 1909. Iron and steel products were not recorded until 1790, when the value of these exports amounted to \$117,000. The million-dollar mark was not passed until 1840, and from that time forward a steady increase was shown in manufactures of steel. Last year a grand total of nearly \$200,000,000 of manufactures of steel was exported. The total value of manufactures exported during 1908 was \$750,000,000. Of this amount Europe received approximately one-half, or \$383,000,000; North America, \$189,000,000; South America, \$11,750,000; Asia, \$71,750,000; Oceania, \$40,000,000; and Africa, \$10,000,000. Of the amount sent to Europe \$97,000,000 was copper, \$55,000,000 mineral oil, \$47,000,000 manufactures of iron and steel, \$38,000,000 manufactures of wood, \$17,000,000 naval stores, and \$14,000,000 agricultural implements.

Worry About Dog Perhaps Caused Lefschitz's Death

Whether or not the death of Abraham Lefschitz, the blind worker of crayon portraits, of 28 Allen street, which occurred early yesterday morning at his home at 28 Allen street, was caused by a gas leak, as alleged by illuminating gas, was a medical question. A medical Examiner, F. B. Downs said this morning that he had been unable to learn much of importance from the members of the dead man's family. They doubted the theory of gas poisoning, and said that the gas in the room had nothing to do with his death. Dr. Kiernan of the emergency hospital, who was the first doctor called to attend Lefschitz found his bedroom filled with gas and from all appearances Lefschitz had died of suffocation.

Some of the things which would tend to support the gas theory were that Lefschitz was blind and sickly. For the past four years his health has been very poor and he had been more or less bedridden. Another thing which worried him was the trouble made by the police over his dog which he cared for to an unusual degree. The dog, who was named at his death several people who had complained to the police, Dog Agent Wagner investigated the complaints but owing to the nature of the case he was not able to find the old man and the dog was not killed. Lefschitz was 50 years of age.

Deaths and Funerals.

One of the largest funerals known in this city in some time was that of Mrs. Patrick Reeves from her late residence, 317 George St., at 8:30 to-day and from St. Augustine's church, of which she had been a member for thirty-five years, at 9 o'clock. A solemn high mass of requiem was celebrated, Rev. Charles McElroy acting as celebrant and the Rev. James A. O'Meara, as sub-deacon. A choir, consisting of Prof. Briscoe, Mrs. Fenton Kelley, Miss Mary Flaherty and Mr. J. J. Kennedy rendered the music incidental to the mass. At the offertory Miss Mary Flaherty sang "Domine Jesu," after mass Mrs. Fenton Kelley sang "Pie Jesu" and Mr. J. J. Kennedy rendered "Agnus Dei" as the casket was being borne from the church. Miss Mary Flaherty sang "Beautiful Land On High." Rev. Father McElroy preached a touching eulogy. The remains rested in a solid oak casket which was completely surrounded by many exquisite floral tributes. The pallbearers were nephews, Mrs. John Michael, James and Patrick McDonough and Frank and Patrick Stapleton, of Waterbury. Rev. Father Kennedy accompanied the funeral cortege to St. Michael's cemetery where interment took place and read the committal service.

Upward of \$6,000,000 cod are caught each year by Norwegian fishermen.

LIVE BASE BALL TIPS

Fans in town will be all out rooting for "Dutch" Sherwood. The future Trolley Dodger looks to make good.

Frank Hill did not play with the Orators Saturday. There's a reason. It broke his record of not missing a game this season.

Hartford downed the Orators at Senatorville 2 to 1 in the last game of the season Saturday. McGee an amateur pitcher was tried out by the Orators but was knocked out of the box. Fleher took his place. Then Evans finished the contest. Gibbs was hit hard in the first and eighth innings.

"Rube" Pollard was robbed of \$50 by Outfielder Hart in the game Saturday. The Bull Durham Company offers that amount to any player who can hit the bull on a fairly hit fly ball. "Rube" took one of Fisher's slants for a drive which was sailing on its way to the bull. The drive was so hard that Hart backed up to the heater which prevented him from failing. Some one in the bleachers told him to let the pill get by and to split with Pollard his share of the money. He was not heard of in center field.

Manager Hanna of the New Britain team is said to have the following in New Haven on Saturday: "Talk about being a bank burglar," said he, "it's a neat, easy, soft and conservative job compared to running a nine composed of a lot of stuffs such as mine were this season. They certainly threw it into me. Talk about the double-cross. I got it good and proper."

This is a big day in Hartford for the Champions, for their great victory will be celebrated to-night by a parade and a benefit performance at the Hartford Theatre. In the line of march will be the victorious team, former baseball players living in the Capitol city, managers of the various Connecticut league clubs, juvenile nines, and a long procession of fans. Well they might celebrate for it is the first time that a pennant has ever graced Hartford in 33 years, when Senator Morgan Bulkley then president of the National League was manager of the Hartford club.

"Red" Waller is going like a house after now. Yesterday, New York ark he pitched the Jersey City's to a 2 to 1 victory letting his opponents down with four hits. Frill, who is to join the New York Americans, this his opponent and allowed three hits but made an error himself that settled the game. "Iron Man McGinnity" succeeded Frill in the eighth but the Newark could do nothing to bring home a score.

Billy Hanna is sore under the collar and has called off all the games arranged with the Massachusetts clubs.

Bill Dineen, the former pitcher with the Boston Champions, and who on his own request was released a few days ago by the St. Louis Americans, has been appointed an umpire by President Ban Johnson.

Wheeling has won the pennant in the Central league, due much to the playing of Gus Soffel, the former Meriden short stop and captain who went to Pittsburg at the beginning of the season by purchase. Gus it is stated is due to report to the Pirates.

Because Manager Hanna will not give him \$250 of the purchase money, Outfielder Swat McCabe of the Pequotas is kicking against reporting with Cincinnati. Transportation to Cincinnati has already been forwarded. "Swat" if he does not report after transportation has been forwarded he will be fined by the Reds.

Cincinnati was shut out by Pittsburg yesterday 5-0, though the Reds took ten hits off the pitchers. Of the ten Tommy Downey corraled two. In the field Tommy had five chances without an error.

GOLF WINNERS AT BROOKLAWN

Large crowds were in attendance and much enthusiasm manifested at the annual handicap golf tournament for the President's cup and the cup offered by the governors of the Brooklawn Country Club Saturday afternoon and yesterday at Brooklawn, when practically the first round of the match play was finished in both classes for the two cups. The following

WOMAN and BOY Killed Result of Rioting

(Special from United Press.)
Pittsburg, Sept. 13.—A woman and ten-year-old boy are dead and a dozen Italians wounded today as a result of a riot in the Italian district.

According to the police, the foreigners had been drinking most of yesterday afternoon. Flights finally broke out, in which revolvers and knives played a prominent part. A riot call was turned in and after the Italians were dispersed by the police, it was found that Tony Surco and Mary Messella had been killed.

Weather Indications

(Special from United Press.)

New York, Sept. 13.—Forecast: Cloudy to-night, Tuesday probably rain.

An area of low pressure extending from Texas northeastward to Lake Superior is producing considerable cloudy weather with light rains in the western and central sections. An anticyclone is producing heavy, local showers on the south Atlantic coast. The temperature continues mild in all the northern sections. Conditions favor for this vicinity unsettled weather with slightly higher temperature and probably rain by Tuesday.

WANT ADS. CENT A WORD.

A Tonic

Make no mistake. Take only these medicines the best doctors endorse. Consult your own doctor freely.

Tired? Just as tired in the morning as at night? Things look dark? Lack nerve power? Just remember this: Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol. It puts red corpuscles into the blood; gives steady, even power to the nerves; strengthens the digestion.

J. C. Ayer & Co., Lowell, Mass.
